**'Every good idea started as a dream'.**

*Zeinab, gr. 7 - IKC Aventurijn, Leeuwarden*

Dear Collega/teacher,

Let the above Moroccan saying be an inspiration for the project.

**#Language-comfort** (Dutch: **#Taaltroost** Frisian: **#Taaltreast**). A project developed for primary schools (grades 3 to 6) inspired by 'Inspirerend Meertalig Onderwijs' (*Inspiring Multilingual Education*).

**Language-art to make mother tongues visible and to share a positive feeling.**

With **#Taaltroost** children Facetime or Skype with their grandmother or grandfather or have a face to face conversation with their parents. They will search for a language treasure which can spread happiness for their neighbours or give comfort to others in these strange confusing times and create a poster around this treasure.

**#Taaltroost** can be done with your class, using the PowerPoint presentation and a worksheet are available on:

<https://www.inspirerendmeertaligonderwijs.nl/>

The posters will be shown at various visible locations like the windows of school, in the neighbourhood, shops, or can be printed on large canvases.

By participating in the project **#Taaltroost**, children surprise their environment with their beautiful language-comfort posters...

This project started on the 20th of April 2020 at 'OBS de Opslach' in Wommels. This school passed it on to the following schools. And it would be amazing if the project spread like an oil slick so beautiful comforting posters will appear in many places....

Participation is completely free! For more information or to join, check the follow website:
